inplaats van lyrics kunnen we dan een tekst over het nummer schrijven

het is idee van de plaat is leuk maar is het mogelijk?

deze outlining is wel heel leuk

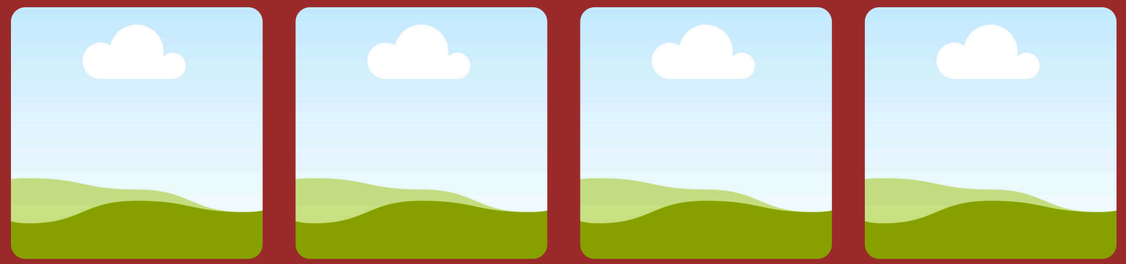

heb hoe het voor onze website er dan uit zal zien op de volgende pagina gemaakt

About us

Welcome to SongSip

SongSip is a website made to help you discover a new song every day. Because we believe that every song has a story waiting to be heard, and maybe one of those stories will become part of yours.

Every day, you chose the genre that you want to explore. Whether you're in the mood for think for example about pop, rock, indie, country, R&B, alternative, or something completely different, there's always something new waiting for you.

With so many songs in the world, it's easy to keep listening to the same playlists and the same favorites. SongSip is here to help you step outside your usual music bubble and discover something you might never have found on your own. You don't have to love every song. But maybe you'll find a new favorite artist. Maybe you'll discover a song that perfectly matches your mood. Or maybe you'll simply hear a story you've never heard before.

SongSip is connected to your Spotify account to make sure this new song isn’t already one of your favorites.

So when your ready click on the button and discover your new song.

Lots of fun listening

Pam, Sarah, Lina, Stephanie and Mirthe

Extra texts for the website:

Choose your genre, press play, and give today's song a chance. Because sometimes, a song you've never heard before can become the song you never want to forget.

One day. One genre. One new song to discover.

music is the soundtrack of your life.
